## Anti-ATG5 | Autophagy protein 5

## **Product information**

Immunogen Full-length, recombinant ATG5 of Arabidopsis thaliana protein sequence UniProt: Q9FFI2-1, TAIR: At5q17290,

overexpressed in E.coli

Host Rabbit

Clonality Polyclonal

Purity Serum

Format Lyophilized

Quantity 50 μl

**Reconstitution** For reconstitution add 50 μl, of sterile water

Store lyophilized/reconstituted at -20 °C (short tem, months) or at -80 °C (long term, years); once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid

any losses that might occur from material adhering to the cap or sides of the tube.

## **Application information**

Recommended dilution 1:3000 (WB)

Expected | apparent

38.5 | 50 kDa (in wilde type plants) and ca. 38 kDa in autophagy defective mutants

Predicted reactivity | Solanum lycopersicum, Solanum tuberosum

Not reactive in No confirmed exceptions from predicted reactivity are currently known

Additional information In wild-type plants almost all ATG5 is conjugated to ATG12.

This item can be sold containing ProClin
